TERMS & CONDITIONS OF PLUS LABORATORY SERVICES

GUARANTEE OF FIT, ACCURACY, AND MATERIAL QUALITY

All Plus Laboratory orthotics are guaranteed for fit, and to be fabricated accurately according to the casts or impression foams and Prescription Form (Rx) we receive from you. If we have questions about any part of the Rx form we will contact you to confirm your choice, or to clarify any request that is unclear. All adjustments required for inaccurate posting (forefoot or rearfoot), flexibility, and fit, are free of charge - provided the orthotics are returned to Plus Laboratory within 6 months of the date they shipped from Plus Laboratory.

Additionally, **any materials defects whatsoever** (shell, posts, cushions, top covers, pads, etc) will be repaired free of charge - provided the orthotics are returned to Plus Laboratory within 6 months of the date they shipped from Plus Laboratory.

PRESCRIPTION REQUIREMENTS

Plus Laboratory offers its services exclusively to physicians that are able to prescribe orthotics. We **do not** fabricate orthotics, or provide refurbishing or orthotic repair services to the general public or directly to patients. All orthotic fabrication, adjustment, or refurbish requests **must** come from the physician or from the physician's authorized staff (for remake requests).

TRUE CUSTOM ORTHOTICS

All Plus Laboratory orthotics are fabricated using the unique casts/impressions of each patient. We **do not** use any kind of catalog or library of different shapes and sizes to find a "best fit" orthotic.

STARTING LINE OF CREDIT

All new accounts start with a **\$3,000** line of credit with Plus Laboratory. This credit limit can be increased with good payment history and large order volume. Delinquent payment can result in suspension of the line-of-credit, C.O.D. requirements for all orders, and closure of the account.

BILLING, PAYMENT TERMS, & FINANCE CHARGES

Unless otherwise requested, no payment is due at the time of fabrication or invoicing. Rather, billing statements are produced on the last day of each month, and include all charges for orders that shipped that month. Any orders that were received by us, but are still in process at the end of the month will **not** be billed until the following month.

Payment is due by the end of the month that you received the billing statement. If payment in full is not received by the end of the month, a finance charge will be assessed on your total Past Due balance. The finance charge for past due balances is an 18% APR (~ 1.5% monthly). To pay by credit card, make sure to include an email address on the front page of this form, so that we can send the electronic invoice to that address. For greater security for our customers, we currently use Paypal Invoicing to process all our credit card transactions – although you **do not** need a Paypal account to pay by credit card. We will never ask for, or need, your credit card information – all payments will be processed/handled through the Paypal website.

Do not hesitate to call us to see if we can customize our billing methods to accommodate any special needs.

VOLUME DISCOUNTS

Eligibility for volume discounts is determined by the volume of orthotic orders that were more than \$50 that were shipped in that month. **You must have no Past Due balance** in order to be eligible for a Volume Discount.

Payment for the full balance minus the discount **must** be received by the 15th of the month in order to receive the discount. E.g. if the full Billing Statement balance for July is \$1,500 and a 10% volume discount was earned, then \$1,350 (the full \$1,500 minus the \$150 discount) **must** be received by August 15th, else the discount is lost, and the full \$1,500 is due.
